RHEINMETALL

MOTORSERVICE GROUP

QUALITY AND SERVICE FROM A SINGLE SOURCE

The Motorservice Group is the sales organisation for the global aftermarket activities of Rheinmetall. It is a leading supplier of engine components for the independent aftermarket. With the premium brands Kolbenschmidt, Pierburg, TRW Engine Components and the BF brand, Motorservice offers its trade and repair shop customers a wide and comprehensive range of top-quality products.

RHEINMETALL

TECHNOLOGY FOR FUTURE MOBILITY

As a global supplier to the automotive industry, Rheinmetall's expertise in air supply systems, emission control and pumps and in the development, manufacture and spare parts supply of pistons, engine blocks and engine bearings puts it right at the top of the markets. Product development is carried out in close cooperation with well-known automotive manufacturers.

GLOBAL PRESENCE

GUARANTEES PROXIMITY

TO THE MARKET

KOLBENSCHMIDT, TRW ENGINE COMPONENTS AND BF ENGINE COMPONENTS

Pistons

Developed and produced drawing
on the state of the art

Piston rings

Less friction for more efficient engines

Cylinder liners

Durability for thousands of kilometres

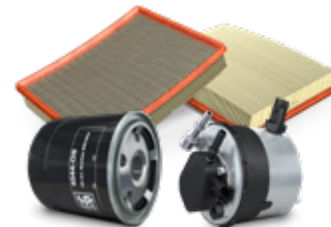

Kit sets

Coordinated teams

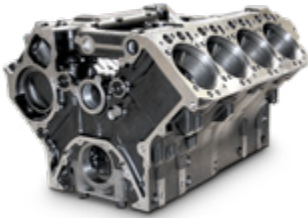

Timing chain kits

Precision and stability,
for reliability and power

Filters

Keep dirt at bay

Crankcase

Geometric precision and dimensional stability for optimal performance

Crankshafts

Forged masterpieces for every torque

Oil and water pumps

Perfect lubricant and coolant supply

Camshafts

Wear-resistant cams for long, powerful engine life

Connecting rods

Resistant force transmission to great effect

Cylinder heads

Completed to your requirements

Flywheels

Precision and weight for smooth engine running

Engine bearings

Making sure everything runs smoothly

Valves and valve accessories

Temperature-resistant precision

PIERBURG SYSTEM COMPONENTS

Fuel supply

Everything for the „circulation“ in the vehicle

Air supply

For increased efficiency and more driving enjoyment

Exhaust gas recirculation (EGR)

Emissions reduced by 50 % before the catalytic converter is even reached

Secondary air system

Efficient emission control during the cold start phase

Electric valves

Small transformer with a big impact

Sensors

Tailor-made offer with wide market coverage

Variable mechanical water pumps

Innovative state-of-the-art and up to the minute thermal management

Mechanical water pumps

Demand-based cooling for a long engine life

Electrical water pumps

Making a significant contribution to emission control on modern engine designs

Water circulating pumps

Flexible, independent helper with high temperature resistance

Oil pumps

Perfect oil supply

Vacuum pumps

Reliable vacuum for a large number of control elements

MORE ABOUT
OUR PRODUCTS

KNOW-HOW TRANSFER

PROFESSIONAL KNOWLEDGE FROM THE EXPERTS

WORLDWIDE TRAININGS

Each year, around 4,500 mechanics and engineers benefit from our training courses and seminars, which we hold on-site in locations across the world or in our training centres in Neuenstadt, Dormagen and Tamm (Germany).

TECHNICAL INFORMATION

Our Product Information and Service Information publications, technical brochures and posters keep you at the forefront of the latest technological developments.

TECHNICAL VIDEOS

Our videos provide you with useful information on our products, such as hands-on fitting instructions and system descriptions.

PRODUCTS IN FOCUS ONLINE

Interactive elements, animations and video clips provide interesting information about our products in and around the engine

ONLINESHOP

Order at any time. Quick availability check. Extensive product search by engine, vehicle, dimensions etc.

NEWS

Subscribe online to our free newsletter now and receive regular information about additions to the product range, technical publications and much more.

INDIVIDUAL INFORMATION

We provide extensive information and services relating to our wide range of services: e.g. personalised sales-promoting materials, sales support, technical support and much more

TECHNIPEDIA

We share our know-how with you in our Technipedia. You can get professional knowledge direct from experts here.

MOTORSERVICE APP

Here, you will find the latest information and services relating to our products quickly and easily.
