

# PRODUCT RANGE

**OIL AND WATER PUMPS FROM A SINGLE SOURCE  
FOR DAIMLER EURO VI ENGINES**

BF OFFERS A COMPLETE RANGE OF PUMPS FOR THE OM934 AND OM936 MODEL RANGES

PASSION FOR **TECHNOLOGY.**

Motorservice is the provider of innovative pumps for modern utility vehicle applications. By expanding our product portfolio, we are able to supply a complete range of water and oil pumps for the Daimler OM934 and OM936 medium-duty engine family in the aftermarket.

These pumps are used in vehicles and engines by Mercedes-Benz, Setra, Detroit Diesel, Freightliner, Thomas Built Buses, MTU and various other agricultural and construction machinery manufacturers.

Daimler medium-duty engines, also known as the "Weltmotor" (world engine), from the OM934 and OM936 model ranges are successors to the well-known OM904 and OM906 ranges, of which more than one million engines have already been produced.

| BF no.               | Type of pump | Specification                                    | Applications  | Ref. no.*       | Engine family | Emission standard | Scope of supply              |
