PRODUCT RANGE

FUEL PUMP RANGE

FOR 60 YEARS OF VOLKSWAGEN

FOR OVER 100 YEARS PIERBURG HAS BEEN A SPECIALIST FOR FUEL SUPPLY COMPONENTS.

QUALITY AND RELIABILITY

OE SUPPLIER WITH TRADITION

KNOW-HOW AND SERVICE

What our long-term customers especially appreciate about Pierburg fuel pumps is: the extensive product range, the quality and the availability as well as the know-how and service of a strong partner.

As early as 1960, the VW Beetle was already equipped with a Pierburg fuel pump. And even today our product range of fuel pumps and supply units covers a range of 60 years of Volkswagen vehicles alone. Whether petrol or diesel, mechanical or electrical – our fuel pumps are characterised by quality, high availability and fair market prices.

The advantages of Pierburg fuel pumps at a glance:

- OE supplier with tradition
- Quality and reliability
- Know-how and service of an OEM
- Almost 110 fuel pumps and fuel supply units for Volkswagen in our range
- Over 70% market coverage
- For vintage cars, modern-era classic cars and current models

Detailed information on the products and their applications can be found in the current Pierburg catalogue.
