

NAIAS 2015: Focus on fuel-reduction components

The North American International Auto Show (NAIAS) was being held at the COBO Center, Detroit, Michigan, from January 12 to 25, 2015. KSPG AG, a German first-tier supplier with subsidiaries in the USA and Mexico, was displaying in room 353 components and assemblies for cars, light- and medium-duty commercial vehicles.

Included among its exhibition highlights were steel pistons, exhaust-gas recirculation systems, and high-duty plain bearings. All these products play an important role in fuel and emission reduction as well as "clean diesels." Also being showcased were oil, coolant and vacuum pumps designed to address growing cooling requirements posed by today's engine generations. Pierburg in Auburn Hills, Michigan, is responsible for the marketing and engineering of these pumps; production for the American market is at the Pierburg pump plant in the federal state of Guanajuato, Mexico.

**KSPG (Kolbenschmidt Pierburg).
Renowned supplier to the international automotive industry.**

As long-standing partners to the automotive industry, the companies in the KSPG Group develop innovative components and system solutions with acknowledged competence for air supply and emission control, for oil, water and vacuum pumps, for pistons, engine blocks and engine bearings. The products comply with the high demands and quality standards of the automotive industry. Low emissions, reduced fuel consumption, reliability, quality and safety – these are the forces that drive innovation at KSPG.

**Motorservice Group.
Quality and service from a single source.**

The Motorservice Group is the sales organisation for the global aftermarket activities of KSPG (Kolbenschmidt Pierburg). It is one of the leading suppliers of engine components for the independent aftermarket, including the premium brands KOLBENSCHMIDT, PIERBURG and TRW Engine Components, as well as the BF brand. Our comprehensive product range allows our customers to obtain engine components from a single source. As a problem solver for dealers and garages, Motorservice offers extensive service and the technical expertise that you would expect from the subsidiary of one of the largest automotive suppliers.

New to the KSPG production range

BMW i8

Parts supplied by KSPG

- Electric switchover valves, engine bearings

Jaguar F-Type

Parts supplied by KSPG

- Pistons, solenoid valves

BMW 4-Series

Parts supplied by KSPG

- Engine bearings
- Electric recirculating air valves
- Electronic throttle valve
- Electric switchover valves

VW Jetta Hybrid

Parts supplied by KSPG

- Secondary air pump
- Secondary air valve
- Solenoid valves
- Main bearings
- Thrust washers
